

**Premium Quality Commercial Plastic Seats
Designed with Lift Handles**

by:

PLUMBTECH™

Model 423C Elongated

Model 423SSC Elongated

What Is The Need and Opportunity for Premium Commercial Plastic Seats with Sanitary Lift Handles?

- The demand for commercially oriented toilet seats is growing at a double digit annual rate.
- Commercial seats are specified for many applications creating built in, self-perpetuating demand.
- There is a continual emphasis on improving sanitation conditions at hospitality, public space, hospital and other spaces.
- Due the Covid impact, there is more awareness and demand than ever for design features that might provide additional separation from potentially contaminated surfaces.
- Wholesalers are in need of competitive advantages, via special features and pricing, to grow their market share of the commercial seat market.
- The goal is to provide Plumbing Wholesalers with premium plastic commercial seats, that meet the expected requirements, and then go beyond with features that differentiate their offering.
