What Is The Need and Opportunity for Economy Commercial Plastic Seats?

- The demand for commercially oriented toilet seats is growing at a double digit annual rate.
- Commercial seats are specified for many applications creating built in, self-perpetuating demand.
- There is a continual emphasis on improving sanitation conditions at hospitality, public space, hospital and other spaces.
- Due to increased competition at the job level, there is a need for commercial seats that meet a new price point while maintaining quality and features.
- Wholesalers are in need of competitive advantages, via special features and pricing, to grow their market share of the commercial seat market.
- The goal is to provide commercial seats that meet the expected requirements, and then go beyond with value that puts our Plumbing Wholesale partners at a competitive advantage.
