PLUMBTECH™

Model 114 Elongated

Model 113 Round

2

Two Year Limited Warranty!

What Is The Need and Opportunity for Residential/Builder Grade Molded Wood Seats?

- Consumer and contractor demand is still in high with a strong preference for molded wood toilet seats in North America.
- In the last 15-20 years the average consumer's ideal price point for a good quality seat has increased from \$15-20 to \$30-60.
- Our market surveys indicate as much as 50% of new home owners are replacing the toilet seats that were installed by the building contractor within weeks of purchasing the home, with a premium seat.
- Consumers are demanding better quality seats and upgrade features. The overwhelming majority of these premium seats are purchased in retail stores.
- Residential/Builder grade molded wood seats provide a crossover that meets the expectations of both homeowners, and builders.
- The goal is to provide Plumbing Wholesalers with a premium molded wood seat, with features that consumers and contractors demand, at a competitive advantage.

“Why pay the same or more, for less quality and features?”

Quik-Lok™

- UP TO 6X FASTER INSTALLATION!
- Save 50% to 80% in time-LABOR COST.
- Increased productivity - install in less than a minute.

 No tools necessary for installation!

Simple Fast Easy

STA-PUT™

Stop the Movement of Seats

- Micro-suction cups inhibit the movement of wood toilet seats during normal use.
- Even minimizes the movement of the cover when the bathroom toilet is being used as a chair.

Vari-Adjust™ with Lok-Down™ Adjustable Hinges

Compression “Dots” lock seat in place for added stability.

Models 113 & 114 are available in White, Bone, Linen, and Cotton White
