What Is The Need and Opportunity for Premium Molded Wood Seats?

- Consumer demand is still in excess of 60% for molded wood toilet seats in North America.
- In the last 15-20 years the average consumer's ideal price point for a good quality seat has increased from \$15-20 to \$30-40.
- Our market surveys indicate as much as 50% of new home owners are replacing the toilet seats that were installed by the building contractor within weeks of purchasing the home, with a premium seat.
- Consumers are demanding better quality seats and upgrade features. The overwhelming majority of these premium seats are purchased in retail stores.
- The goal is to provide Plumbing Wholesalers with a premium molded wood seat, with features that consumers and contractors demand, at a competitive advantage.
